<p>Partners for a Healthy Baby (PHB) Curriculum http://cpeip.fsu.edu/PHB/</p>	<p>Partners for a Healthy Baby was developed by Florida State University. PHB is a nationally recognized, research-based curriculum used by many home visiting models to improve birth outcomes, reduce rates of child abuse, increase intervals between pregnancies, strengthen families, enhance child health and developmental outcomes, and support family stability and economic self-sufficiency.</p>	<p>The curriculum is based on an ecological model of child development which recognizes the various environmental factors that influence the child's growth and development. The curriculum is based on a four volume series (Before Baby Arrives, Baby's First Year, Baby's Second Year, Toddler's Third Year). Each book includes four major areas of the curriculum (<i>Family development, Family Health, Caring for infants or toddler, Child development, Empowerment</i>) details information regarding each purpose, handouts and additional resources. The evidence-informed content in each book supports the home visitor's ability to systematically plan home visits and address key topics that are essential in achieving both family and program outcomes.</p>	<p>The FSU Center currently offers two training options for programs using the Partners curriculum: a 3-day training in Orlando, FL or a 3-day "onsite" training at your programs location of choice. Both workshops follow the same training format and agenda.</p> <p>The 3-day training in Orlando, FL is \$500 per person for registration. The registration fee does not include travel, hotel costs, or the Partners curriculum.</p> <p>Training is optional.</p>	<p>Curriculum - 4 book set \$600.00 Before Baby Arrives, Baby's First year, Baby's 2nd year, Toddler's 3rd year</p> <p>Digital Curriculum – 1 Year subscription per home visitor - \$400.00</p> <p>Digital Curriculum + 4book set \$850.00 Each book has Handouts in English or Spanish (45¢ for each copy @ 25 copies minimum) Total for one set \$5,951.25</p>	<p>No Associations.
